ABOUT US

Foshan IKEDA Technology Co., Ltd., established in 2002, is a high-tech enterprise specializing in the R&D, production, and sales of car perfumes, home fragrances, personal perfumes, and scented candles, providing one-stop fragrance product solutions. The company operates three R&D and production bases in Luocun (Foshan), Nanhai (Foshan), and Wenzhou (Zhejiang), with a total area exceeding 50,000 m², integrating fragrance development, production, and sales, IKEDA's mission is to **become a world-leading perfume brand**.

The company has obtained **ISO9001 quality system certification, SGS certification, and MSDS certification**, and holds over ten invention patents. Over the past 20 years, leveraging efficient production capacity, technological expertise, and a high-quality service system, its fragrance products have been sold in **more than 100 countries and regions**, helping hundreds of partners achieve significant commercial success.

Currently, the company has **five production and sales** bases in China, located in Jiangxi, Zhejiang, Foshan, Sanshui, and Shenzhen, covering a total area of **over 50,000 m²**, with a workforce of **more than 500 employees**, ensuring integrated fragrance development, production, and sales. To better serve overseas customers, Xiangdaoer has established wholly-owned subsidiaries and offices in Tanzania, Japan, Malaysia, Kenya, Nigeria, the U.S., Vietnam, Ghana, Russia, South Africa, Dubai, and other countries and regions.
